

Sarajevo, Bosnia and Herzegovina **CMBEBIH**

**14th - 16th
September 2023**

JOINT EVENT

16th Mediterranean Conference on Medical and Biological Engineering and Computing (MEDICON) and the 5th International Conference on Medical and Biological engineering (CMBEBIH)

organised by Bosnia and Herzegovina Medical and Biological Engineering Society (DMBIUBIH), Verlab Research Institute for biomedical engineering, medical devices and artificial intelligence and International Academy of Arts and Science in Bosnia and Herzegovina (IANUBIH) with the endorsement by International Federation for Medical and Biological Engineering (IFMBE) and European Alliance for Medical and Biological Engineering and Science (EAMBES)

„Embrace the change!“

In the last year and a half, our lives have changed dramatically. We were forced to change how we live and spend our free time, how we work and how we interact with each other. While adjusting to imposed change is usually a hard process, this can also be an opportunity for us to embrace the things that changed for the better.

The scientific and social program at MEDICON'23 & CMBEBIH'23 provides an excellent platform to discuss latest findings, innovative solutions and emerging challenges this field is facing with, in order to improve quality of healthcare and life in general.

WHAT WE DO?

- ✓ We bring together people interested in science and research from the whole world.
- ✓ We bring the best scientists, researchers and experts from the field as our keynote speakers.
- ✓ We provide an excellent networking opportunity.

Contributions at the Conference will include regular papers range: 2000 – 3000 words. **All accepted papers will be published in IFMBE Springer Proceedings by Springer Nature.**
