

It poses a risk to human security and safety and threatens global sustainability by consuming excessive planetary resources and undermining the regulated functioning of international markets.

The **Cost Action GLITSS** is a **EU-funded** network of scholars, practitioners and civil society representatives working on Globalization, Illicit Trade, Sustainability and Security.

## Our working groups

- 1 The phenomena: Goods and money
- 2 Platform: The governance of illicit trade
- 3 Responses to illicit trade
- 4 Data-driven Approaches for Illicit Trade Detection
